**Read the text and answer the questions:**

In Mexico the traditional clothes help people stay cool. Men wear big hats and large cotton clothes. Women and little girls wear long colourful dresses and flowers in their hair. In Japan the traditional costume is the kimono. Men's kimonos are usually black, but women's kimonos have beautiful colours with drawings of flowers, leaves and birds. In India men prefer long elegant shirts and special hats called turbans. Women decorate their long colourful dresses with beads and mirrors. They also wear rings, bracelets, earrings and sometimes nose rings.
